MR'S ADVISORY TO SHIPPING No. A-15-2007

TO : All Steamship Agents, Owners, and Operators

SUBJECT: REMINDER OF THE IMPORTANCE OF ACCURATE ETA'S

The Estimated Time of Arrival (ETA) and other information, such as the drafts and cargo declaration of vessels arriving to Panama Canal waters, are extremely important for scheduling and resource planning. The ACP is able to allocate necessary resources and provide better transit prospects to our customers when the information is accurate.

Therefore, the ACP encourages Canal Customers to provide accurate ETA information in a timely manner.
