V. 4-2-2015

ADVISORY TO SHIPPING No. A-09-2015

April 23, 2015

TO : All Shipping Agents, Owners, and Operators

SUBJECT: Replacement of the Electronic Data Collection System (EDCS)

Advisory to Shipping A-04-2015 regarding the replacement of the Electronic Data Collection System (EDCS) with the new "*Maritime Service Portal*" has been postponed, tentatively until June 4, 2015. The ACP will maintain close communication with current ECDS users.

In the meantime, we encourage our Business to Business (B2B) and Web Portal customers to finalize the required accreditation process and the Maritime Services Portal on-line training (E-learning) prior to May 15, 2015.

We appreciate your cooperation and believe this improvement will meet your needs.
