V. 4-2-2015

ADVISORY TO SHIPPING No. A-36-2015

November 16, 2015

TO : All Shipping Agents, Owners, and Operators

SUBJECT: Implementation of Booking Condition 1

While the current vessel backlog remains above normal levels, the waiting time for transiting vessels has diminished considerably within the past few days. Therefore, **Condition 1** is hereby being implemented effective November 20, 2015, with the following modifications:

- Only six slots (instead of the 8 slots regularly offered) will be made available to *regular* vessels (vessels with beams under 91 feet). The number of slots for vessels less than 300 feet in length will return to normal.
- The *Just-In-Time* (JIT) transit service will be limited to one (1) for each direction for *supers* as well as for *regulars*.

Applications for reserved transits under the above-mentioned condition will be received beginning at 0900 hours, November 17, 2015.
