

**APPENDIX B
SELECTION GUIDE FOR RESPIRATORS
BASIC ASSEMBLY RESPIRATORS**

MAKE	SIZE				
	SMALL	MEDIUM	LARGE	SINGLE	AIR-SUPPLY LINE
3 M	PPE-RES-00028	PPE-RES-00029	PPE-RES-00030	PPE-RES-00008	
NORTH	PPE-RES-00031	PPE-RES-00032	PPE-RES-00033		
MSA	PPE-RES-00101	PPE-RES-00100* PPE-RES-00093	PPE-RES-00099 PPE-RES-00092		PPE-RES-00009* PPE-RES-00010*

Notes:

1. Parts and accessories shall be found in the Storehouse (MROW) catalogue under PPE.
 2. Air-line respirators shall be used for tasks conducted in confined spaces.
 3. Under IDLH conditions, SCBA-pressure demand or combined positive pressure autonomous systems shall be used. Inventory numbers are PPE-RES-00054 for 60-minute tanks and PPE-RES-00056 for 30-minute tanks.
 4. The Ultralite respirator is compatible with the full-face respirator and the air-line Ultraview model.
 5. 3M single respirators are not certified for protection against asbestos. For LMP protection respirators, inventory numbers provided form a set.
- * Full sets.

Provide filters or cartridges for ammonia, methylamine, asbestos, fiber glass-dust-smoke-fog, organic fumes, oil and water-base paints, pesticides, high efficiency particulate air (HEPA), acid gas (chlorine, hydrogen chloride, sulfuric dioxide) and Chlorine and mercury fumes.
