

HUMAN RESOURCES DEPARTMENT <b>SAFETY AND INDUSTRIAL HYGIENE UNIT</b>	SUBJECT: CADMIUM WORK CHECKLIST	REVISIÓN A	PAGE 1 OF 1
FOR USE WITH CADMIUM EXPOSURE PREVENTION STANDARD 2600SEG233		REVISION DATE 23-Sep-05	EFFECTIVE DATE 30-Sep05

Area	Checklist Items	2600SEG228	Check. (√ o NA)	
Work Environment	Do not introduce or purchase cadmium products without RSHH	6.1.1		
	List equipment and instruments containing cadmium	Cadmium pigments	6.2.1	
		Cadmium stabilizers		
		Cadmium coatings		
		Alloys and other minor uses		
General Work Practices	Signs / tags on cadmium bearing materials	6.1.4.4, 6.1.4.1		
	Use of a collection system with high efficiency filters	6.1.1.3		
	Use of HEPA vacuum cleaner	6.1.1.9		
	Use of engineering controls	6.1.1.2		
	Implementation of waste controls	Proper disposal method	6.1.3.1	
		Do not pour down drains or into trash or garbage	R	
		Include contaminated PPE	6.1.3.1	
Coordinate final disposal with OPME-S		6.1.3.2		
Mark waste	6.1.3			
Use of Personal Protection Equipment	Disposable coveralls; must comply with Standard <a href="#">2600SEG213</a>	6.1.1.6		
	Respiratory Protection; must comply with Respiratory Protection Standard <a href="#">2600SEG205</a>	6.1.1.5		
Facilities and good personal hygiene practices	Do not eat or smoke in cadmium work areas	6.1.2.1		
	Isolated dining rooms	6.1.2.5		
	Showers and restrooms	6.1.2.4		
	Locker rooms	6.1.2.4		
Personal Evaluation	Periodic personal evaluations	6.2.1		
Training	Facilitate PPE training regarding its purposes, personal hygiene facilities and good practices, respiratory protection, engineering controls, the need for environmental and medical evaluation, and the effects of cadmium on health and the environment. See 6.3.1.	6.3.1
