

**AUTORIDAD DEL CANAL DE PANAMÁ**  
EXECUTIVE VICE PRESIDENCY FOR OPERATIONS

3654-A (OPXI)  
V. 4-2-2015

**ADVISORY TO SHIPPING No. A-54-2016**

October 18, 2016

**TO** : All Shipping Agents, Owners, and Operators  
**SUBJECT:** Suspension of Water Conservation Measures

As water levels of Gatun and Alajuela Lakes have reached normal levels for this time of year, the Panama Canal Authority (ACP) announces that, effective immediately, the water conservation measures announced in Advisory to Shipping A-19-2015, and implemented since July 30, 2015, are hereby suspended.

The ACP will continue to monitor the level of Gatun Lake during the remainder of the rainy season, and may take necessary actions to minimize the possibility of imposing draft restrictions during the upcoming dry season.

**ORIGINAL SIGNED**

Esteban G. Sáenz  
Executive Vice President  
for Operations
