

Advisory to Shipping No. A-08-2021

February 17, 2021

TO : All Shipping Agents, Owners, and Operators

SUBJECT: Modifications to Rates and Tariffs of Other Marine Services (related and complementary)

Based on recommendations by the Panama Canal Authority Board of Directors, and in accordance with paragraph 3 of Article 18 of the Panama Canal Organic Law, the Cabinet Council of the Republic of Panama has approved rate changes for selected transit related services.

Additionally, The Panama Canal Authority (ACP) and its Board of Directors, and approved by the Administrator, consider it appropriate to modify current tariffs for selected Transit Complementary Services.

These modifications seek to adjust tariffs and rates to cover increases in costs currently incurred to provide these services in a safe, continuous, efficient, and competitive manner. Modifications approved include adjustments to fee amounts and tariff descriptions, structural changes and, in some cases, new charges. In addition, some aspects of operational processes have been reassessed, which required the introduction of additional tariffs.

The aforementioned changes will become effective April 15, 2021; however, details and specifications of modified tariff series and rates may be reviewed at the following link: www.pancanal.com/OMS

For inquiries or additional information regarding modifications to rates and tariffs of other marine services (related and complementary), please write to customerrelations@pancanal.com

The ACP may issue further modifications and clarifications to these changes as deemed necessary.
